La Paz County School Superintendent

**RE:** Home Instruction Policies and Procedures

Education is an important key to your child's future success. Taking on the education of your child is a huge responsibility that should not be taken lightly. As the educator, you are responsible for making sure your child is instructed in the subjects of reading, mathematics, science, social studies, and grammar.

Please take this responsibility very seriously. You will need to devote time and energy into developing lessons and encouraging rigorous studies that move your child through articulated curriculum in each of the required subject areas. This is a tremendously important job!

In order for this office to be supportive of your desire to instruct your child at home, we have put together the attached information packet to assure your compliance with the law.
